TEMPORARY CHANGE OF LOCATION

You have doubtless observed the new addition to the old banking quarters, which is only part of the entire program of improvement and modernization.

Within the course of the next several weeks the present banking quarters will undergo drastic changes, resulting in lowering the floor to the street level and a complete rearrangement of the interior with the installation of new modern low type fixtures.

Increased volume of business for which we are deeply grateful prompted us to undertake the program, and while it is in progress it will necessarily inconvenience our customers. We sincerely hope upon its completion that we may serve you with increased efficiency and that all of us will enjoy the modernized quarters to the fullest extent.

Please bear with us while the work is in progress and if the present building does not look like business as usual——

Will You Please Go Up The Stairway In The New Addition ... And
Will Find Us Ready, Willing And Anxious To
You In OUR TEMPORARY QUAR

When we move down, sometime within the next several months, we are looking forward to serving you in a completely modernized bank building.

Thanking you for your cooperation in this progressive program, we are yours for service and progress.

LIEUT. ROTH LEAVES KOREA

A portion of a letter received by Mrs. R. N. Dawson from her great nephew, Bobby Roth, of Philadelphia, who recently returned from Korea:

(While in Korea, Lieut. Roth, U. S. Marine Corps, suffered shrapnel wounds.)

"I'm on my way to the States, and I can still hardly believe it. I am aboard the transport, Geneva Weigel, heading for Japan.

"On January 1, they gave me the definite word that I would be on the draft going HOME. I turned in my gear and we caught trucks for the coast at 2:30 'A. M. on January 2. By noon we had reached the coast, bathed in powder (deloused) and were ready to board ship. We loaded in smaller boats and started boarding the transport by 3 A. M. we were under way. All of this action in twelve short hours — I could hardly believe it. I still can't.

"The first thing upon coming aboard is that we were assigned quarters. You should see the bunks —the mattresses are 6 inches thick, and clean white sheets and personal reading lamps with each bunk. We had dinner in the officer's dining room—a beef dinner with all the trimmings. It was the height of luxury. Truly, it promises to be a good voyage.

"I almost forgot one of the most important things. 'Buzzy' is aboard the same ship and we will be going home together. What do you think of that? I have seen him 3 or 4 times and he has a good bunk and is all set. This is a HAPPY SHIP and I have not seen a bunch of more smiling faces in years. (Note: 'Buzzy' is a first cousin of Lieut. Roth and also from Philadelphia.)

"We expect to dock in Japan about noon today and will spend approximately 40 hours there. From there we sail to San Francisco. It will take about 40 hours to be processed there and then 'Buzzy' and I will be flying home."
